## Overview -PSD Policy & Program Review

Over the past year, the PSD has been working to review renewable electricity programs and policies through a process with three core phases:

## Phase 1:

Awareness & Capacity Building

December 2022 – March 2023

Focus on broad outreach & educational opportunities

**Educational Webinar Series** (*Jan-March*)

*Planning for upcoming phases* 

## Phase 2:

Policy & Program Review

April –October 2023

Focus on reviewing existing programs and policies

Statewide Polling & Focus Groups (May-August)

**Technical Analyses** (June-Nov.)

**Outreach to CBOs** (July – ongoing)

**RPC-PSD Regional Events** (July-November)

## Phase 3:

Recommendations & Reporting

November – December 2023

Focus on finalizing, drafting, & reviewing recommendations

**Public Comment Period** (exact timing & format to be determined)

The Department plans to publish the results of this process in time to inform the 2024 legislative session.
