## Fiscal Note

March 27, 2026

Nolan Langweil, Principal Fiscal Analyst

### **H.660 – An act relating to fiscal year 2027 Opioid Abatement Special Fund appropriations**

As Passed by the House<sup>1</sup>

#### **Bill Summary**

**T**his bill would appropriate \$6,616,277 from and revert \$1,452,287 back to the Opioid Abatement Special Fund for fiscal year 2027.

#### **Fiscal Impact**

Section 1 would appropriate a total of \$6,616,277 from the Opioid Abatement Special Fund in fiscal year 2027.<sup>2</sup> Unless reverted by the General Assembly, the appropriations would carry forward until fully expended.

Sec. 5 reverts \$1,452,287 to the Opioid Abatement Special Fund, making the net impact of the bill to the Opioid Abatement Special Fund \$5,163,990. The table on the following page provides a summary of all appropriations and reversions in the bill.

Sec. 3 would require each ongoing funding proposal considered by the Opioid Settlement Advisory Committee to include a sustainability plan from the applicant to ensure consideration of future expenses and available resources apart from the Opioid Abatement Special Fund.

Sec. 4 would require the Department of Health to review all previous appropriations from the Fund and make recommendations to the Advisory Committee and the committees of jurisdictions on which appropriations could be funded in future years by the Substance Abuse Prevention Special Fund.<sup>3</sup>

Sec. 4 would also direct the Advisory Committee to not accept any new funding proposals for fiscal year 2028, unless a proposal was previously identified in statute as intended for annual funding. Instead, the Advisory Committee would review the outcomes of programs and initiatives previously funded to assess the effectiveness, long-term sustainability, and appropriateness of the Fund as a funding source.
