S.96 An act relating to the provision of water quality services – Draft 2.2 -- As Amended by the Senate Finance Committee

Summary

As amended by the Senate Finance Committee, S.96 dedicates recurring Meals and Rooms Tax revenue to the Clean Water Fund (CWF) of \$7.1 million in FY20 and \$11.8 million in FY21.

Together with new revenues in other bills, total new revenues for the CWF will be \$14.6 million in FY20 with total clean water funding set at \$50.3 million. See Appendix.

Fiscal Impact

Under current law, 25% of the meals and rooms tax revenue is dedicated to the Education Fund and 75% is dedicated to the General Fund. The proposal would reduce the allocation to the General Fund and reallocate those revenues to the Clean Water Fund.

Effective October 1, the allocation of Meals and Rooms Tax revenue will be the following:

- 69% General Fund
- 25% Education Fund
- 6% Clean Water Fund

This reallocates \$7.1 million to the CWF in FY20 and \$11.8 million in FY21. The proposal does not contain any new revenues for the General Fund for either fiscal year, resulting in reduced revenues of \$7.1 million and \$11.8 million in FY20 and FY21 respectively. The Senate Finance Committee intends for the Appropriations Conference Committee to adjust the FY20 budget to make up this revenue change.¹

Tables 1 and 2 illustrate the allocation of revenues from the Meals and Rooms tax in FY20 and FY21:

¹ The Consensus Revenue Forecast in July 2019 is likely to contain an upgrade for FY19 through FY21. As such, the revenue impact on the General Fund and the budget could be addressed by this upgrade.

Table 1: Allocation of Meals and Rooms Revenue in FY20, in millions			
	General Fund	Education Fund	Clean Water Fund
M&R Revenue	\$136.40	\$47.80	\$7.10

Table 2: Allocation of Meals and Rooms Revenue in FY21, in millions (2.6% growth over FY20)			
	General Fund	Education Fund	Clean Water Fund
M&R Revenue	\$135.70	\$49.20	\$11.80
