# Family Supportive Housing

Family Supportive Housing (FSH) was developed by AHS to reduce the incidence and duration of child homelessness in Vermont.

Priority is given to families who:

- Have had multiple episodes of homelessness;
- Have open cases with Family Services; and/or
- Have at least one child under the age of six.

In SFY 2018, FSH had providers in seven communities: Barre, Bennington, Brattleboro, Burlington, Rutland, St. Johnsbury and White River Junction/Hartford.

- The providers formed partnerships with local affordable housing programs and private landlords to help participating families access stable housing.
- The service coordinators worked with Family Services, Reach Up, mental health and substance abuse treatment and recovery providers and others to coordinate services to meet the families' needs.

In SFY 2018, FSH served:

- 462 individuals, of which 225 were children under the age of 6.
- 187 families. Of these:
  - 57 (30%) had an open case with FSD
  - 97 (52%) were on Reach Up at the time of enrollment
- As of June 30, 2018:
  - 131 families were still enrolled
  - 94 families were stably housed
  - 19 families had exited the program successfully AND were stably housed

# Agency of Human Services, Department for Children & Families Weatherization - FY 2020 Governor's Recommended Budget

## OEO Weatherization Program

The Low Income Home Weatherization Assistance Program reduces energy costs for low-income families by improving the energy efficiency and comfort of their homes while ensuring their health and safety. The Weatherization Trust Fund provides state funding for weatherization through a fuel tax on all non-transportation fuels sold in the state.
