

## H.679 Fiscal Year 2022 Budget Adjustment Bill

### Senate Proposal of Amendment

#### Overview:

The budget adjustment increases unduplicated appropriations by **\$367M**, which is 5% over the budget passed in May. This reflects the one-time General Funds currently available within the FY 2022 forecast, appropriating an additional **\$111M**. This bill along with S.210 allocates **\$114.3M** more ARPA State Fiscal Recovery (SFR) funds. Federal matching funds in Medicaid and other smaller special funds adjustments make up the balance of the total increase. These funds are being spent to address the costs of operating state government, including programs that provide services and benefits to Vermonters during the ongoing COVID-19 pandemic. This budget adjustment maintains the full funding for the statutorily required stabilization reserves including the budget stabilization reserve, the Rainy-Day reserve, the Transportation Fund reserve, and the Education Fund reserve. **Maintains the capacity for \$50m additional onetime GF to apply a total of \$200M to pension liabilities in pending Senate pension legislation.**

#### Key Provisions in the Budget Adjustment Bill:

#### General Fund (GF)

##### APPROPRIATION ADJUSTMENTS:

- Funds Medicaid caseload and utilization increase of \$67.5M gross (\$28.7M state)
- Funds case load and cost per case increases in the Dept. for Children and Families for adoption and substitute care
- Funds \$6.1M in the Dept. for Children and Families-Office of Economic Opportunity for Emergency Housing Plan initiatives including rental risk mitigation, transportation for General Assistance clients, and rapid resolution housing
- Funds the retention and shift differential pay per the Collective Bargaining Agreement at the Dept. of Mental Health using Global Commitment funds
