MEMORANDUM

To: Jim Giffin, AHS CFO
Thru: Leo Clark, VDH CFO
Subject: ARRA Grant Acceptance & Establishment of Position Packet
Date: February 5, 2010

The Vermont Department of Health (VDH) has received an ARRA grant of $410,215 from the USDA Food and Nutrition Service to support two WIC technology improvement projects:

1) Implementation of a cash value benefit card for fruits and vegetables (CVB)

2) Planning for replacement of the WIC program’s legacy computer system

The ARRA grant is available for expenditure from 10/1/09 through 9/30/11 and although the funds were not awarded until 12/14/2009, the USDA has stipulated that they may be used to cover project costs beginning October 1, 2009 (see VISION budget summary attached).

**CVB Program:** This project was undertaken in response to a USDA requirement that all WIC programs must issue a cash value benefit card for fruits and vegetables in certain food packages.

To accomplish that task, VDH negotiated two MOU’s with DCF to modify its existing multi-program EBT system to accommodate the CVB card. In turn, DCF amended its EBT contract with J.P. Morgan Chase Electronic Financial Services to accomplish the same result.

VDH will use $104,027 in grant funds to pay J.P. Morgan Chase, via an IDT to DCF, for their services. VDH will use another $19,137 in grant funds to reimburse DCF for direct printing and mailing costs associated with the issuance and distribution of the CVB cards.

**Legacy Computer System Replacement:** The WIC legacy system replacement planning project is closely related to the CVB project above because the WIC Program’s transition from home delivery to CVB access will result in major changes to WIC’s computer system needs.

The current mainframe system supports: a) client eligibility, b) home delivery management and c) overall program administration functions. It was developed in 1977 and underwent its last major upgrade in 1987. VDH will use grant funds to plan for the replacement of this legacy system either through: a) transferring an established WIC management information system from another state into Vermont; or b) adding WIC to an existing VDH information management system.

Planning will be done with the active involvement of various stakeholders and will specifically include Vermont’s Division of Innovation and Information (DIVI), which operates the existing mainframe legacy system. Grant funds will also be used to fund: a) a new Systems Developer III
limited service position in VDH to oversee the project, and b) a contract with a project consultant to provide technical assistance to VDH’s WIC and IT management teams.

VDH is hereby requesting acceptance of the full amount of this ARRA grant, $416,215, with $170,000 needed in SFY10 and the remaining $246,215 needed in SFY11 and SFY12.

VDH is also requesting the establishment of one limited service position, a Systems Developer III.

We have included a copy of our application for this funding, a copy of the Federal grant award, a copy of the position request and a copy of both MOU’s with DCF. Please let me know if you have any follow-up questions or concerns.

Thanks.

MEMORANDUM

To: Jim Giffin, AHS CFO
Thru: Leo Clark, VDH CFO
Subject: ARRA Grant Acceptance & Establishment of Position Packet
Date: February 5, 2010

The Vermont Department of Health (VDH) has received an ARRA grant of $410,215 from the USDA Food and Nutrition Service to support two WIC technology improvement projects:

1) Implementation of a cash value benefit card for fruits and vegetables (CVB)
2) Planning for replacement of the WIC program’s legacy computer system

The ARRA grant is available for expenditure from 10/1/09 through 9/30/11 and although the funds were not awarded until 12/14/2009, the USDA has stipulated that they may be used to cover project costs beginning October 1, 2009 (see VISION budget summary attached).

CVB Program: This project was undertaken in response to a USDA requirement that all WIC programs must issue a cash value benefit card for fruits and vegetables in certain food packages.

To accomplish that task, VDH negotiated two MOU’s with DCF to modify its existing multi-program EBT system to accommodate the CVB card. In turn, DCF amended its EBT contract with J.P. Morgan Chase Electronic Financial Services to accomplish the same result.

VDH will use $104,027 in grant funds to pay J.P. Morgan Chase, via an IDT to DCF, for their services. VDH will use another $19,137 in grant funds to reimburse DCF for direct printing and mailing costs associated with the issuance and distribution of the CVB cards.

Legacy Computer System Replacement: The WIC legacy system replacement planning project is closely related to the CVB project above because the WIC Program's transition from home delivery to CVB access will result in major changes to WIC’s computer system needs.

The current mainframe system supports: a) client eligibility, b) home delivery management and c) overall program administration functions. It was developed in 1977 and underwent its last major upgrade in 1987. VDH will use grant funds to plan for the replacement of this legacy system either through: a) transferring an established WIC management information system from another state into Vermont; or b) adding WIC to an existing VDH information management system.

Planning will be done with the active involvement of various stakeholders and will specifically include Vermont’s Division of Innovation and Information (DII), which operates the existing mainframe legacy system. Grant funds will also be used to fund: a) a new Systems Developer III
limited service position in VDH to oversee the project, and b) a contract with a project consultant to provide technical assistance to VDH’s WIC and IT management teams.

VDH is hereby requesting acceptance of the full amount of this ARRA grant, $410,215, with $170,000 needed in SFY10 and the remaining $240,215 needed in SFY11 and SFY12.

VDH is also requesting the establishment of one limited service position, a Systems Developer III.

We have included a copy of our application for this funding, a copy of the Federal grant award, a copy of the position request and a copy of both MOU’s with DCF. Please let me know if you have any follow-up questions or concerns.

Thanks.
