2. Provide a brief justification/explanation of this request:

Because of the success of, and the demands on, the Vermont program our FY2015 federal budget was increased to include a part-time administrative position. In order to fulfill our mission to the high standard set by our federal funding source the Starbase Vermont Program needs a part-time administrative position. This position is 100% federally funded. Not filling this position will yield the following consequences for the State of Vermont:

• The nearly $60,000 budget increase for the position will be returned at the end of FY15; a net financial loss for the State of Vermont (something we cannot afford, especially in these difficult economic times).

• A lost opportunity to invest approved federal dollars into the State of Vermont by providing employment at a time of economic stress (at no cost to the state).

• Diminished quantity and quality of the Starbase Program; we strive to reach as many students as we can with limited resources and the added position will help us do just that.

• The State of Vermont not living up to its commitment to the federal government under the Master Youth Program Cooperative Agreement.

We need to begin the recruitment process as soon as possible to have our Administrative Assistant in place to help fulfill our program needs.
3. If the position will be supervisory, please list the names and titles of all classified employees reporting to this position (this information should be identified on the organizational chart as well). N/A

8. Will this change (new position added/change to vacant position) affect other positions within the organization? (For example, will this have an impact on the supervisor's management level designation; will duties be shifted within the unit requiring review of other positions; or are there other issues relevant to the classification process.)
