MEMORANDUM

To: Joint Fiscal Committee members
From: Daniel Dickerson, Fiscal Analyst
Date: October 19, 2018
Subject: Position and Grant Requests – JFO #2932 - #2934

Enclosed please find three (3) items, including three (3) limited-service positions, which the Joint Fiscal Office has received from the Administration.

JFO #2932 – $947,877 from the Federal Emergency Management Agency to the VT Dept. of Public Safety. The funds are part of the federal FY17 pre-disaster mitigation grant program. Several sub-grants make up the total grant funding. Some of the funding will be utilized for land buyouts in Brandon and Wardsboro, some will be used for other mitigation projects, while the remainder will stay within Vermont Emergency Management to support local hazard mitigation plan development and review. The 25% local match requirement will be covered by municipalities with no State funding required. Of the total grant funding, $473,938 would be allocated for use in State FY2019.

[JFO received 10/10/18]

JFO #2933 – $7,583,030 from the Centers for Disease Control & Prevention to the VT Dept. of Health. The broad purpose for the grant funding is to improve prevention and management of diabetes and cardiovascular disease in rural high-risk populations throughout Vermont. Two (2) limited-service positions are requested in association with this grant. The positions are titled Public Health Specialist and Public Health Analyst respectively and would assist in administering the grant functions during the five-year funding period. Approximately half of the annual grant funding of $1,516,606 would cover direct and indirect personal services and operating costs, while the remainder, $846,000, would go out as sub-grants to participating health centers throughout the state.

[JFO received 10/17/18]

JFO #2934 – $8,211,854 from the Substance Abuse and Mental Health Services Administration (SAMHSA) to the Vermont Agency of Education. The funds will be used to support Vermont Project AWARE (Advancing Wellness and Resilience Education). This will be a joint effort between AOE, the VT Dept. of Mental Health, and three community supervisory unions (SU): Orleans Southwest SU, Addison Rutland SU, and Greater Rutland County SU. The broad aims of the project will be to promote ongoing state and local collaboration regarding mental health best practices in schools, enhance wellness and resiliency skills for school-age youth, and support system improvements for school-based mental health services. One (1) limited-service position is requested in association with this grant. The position is titled Education Consultant II. This is a five-year grant program and $942,945 of grant funding would be utilized in the remainder of State FY2019.

[JFO received 10/19/18]
Please review the enclosed materials and notify the Joint Fiscal Office (Daniel Dickerson at (802) 828-2472; ddickerson@leg.state.vt.us) if you have questions or would like an item held for legislative review. Unless we hear from you to the contrary by November 2, 2018 we will assume that you agree to consider as final the Governor’s acceptance of these requests.

GRANT AGREEMENT
FY 2017 Pre-Disaster Mitigation Federal Award

Recipient: State of Vermont

Designated Administrative Agency: Division of Emergency Management and Homeland Security, Department of Public Safety

Agreement Number: EMB-2018-PC-0002

CFDA: #97.047

Amendment: 0
ARTICLE I—SCOPE OF WORK

The Recipient will conduct the PDM projects as briefly described below and as further detailed in the grant application and all subapplications, which are incorporated here by reference.

1. Project # PDMC-PL-01-VT-2017-003
   Mitigation Plans
   Total Project Cost — $156,250 (federal award $117,187.50, nonfederal match $39,062.50)
   Subapplicant — Vermont Division of Emergency Management and Homeland Security
   Brief Description — The Towns of Berlin, Braintree, Grafton, Granville, Moretown, Rochester, Rupert, Ryegate, Sunderland, Wardsboro, Williamstown, Woodbury, and Woodford will develop mitigation plan updates for single jurisdictional plans. The Town of Morgan will develop a new, single jurisdictional plan.

The financial assistance provided for Project 1 is contingent/conditioned upon the delivery of mitigation plans for each community identified in the scope of work that FEMA approves before the end of the period of performance. If FEMA does not approve a plan for a community before the end of the period of performance, then FEMA may partially terminate the project, disallow costs associated with the mitigation plan for that community, and recover all payments made to the Recipient for that community.

ARTICLE II—TOTAL PROJECT COST, FEDERAL AWARD, AND NONFEDERAL MATCHING REQUIREMENT

1. The federal award is $117,187.50, which is 75% of the total approved project cost of $156,250.00. As a condition of the federal award, the Recipient is required to contribute a nonfederal match of $39,062.50, which is 25% of the total approved project cost.

2. The Recipient will follow all nonfederal matching requirements set forth in applicable law, regulations, and FEMA guidance and in compliance with 2 C.F.R. § 200.306. The nonfederal match must be available at the time FEMA approves the federal award.

3. The approved budget for the total project costs is set forth in the cost review section of the grant application. The Recipient is responsible for the nonfederal share and any actual costs that exceed the total approved project costs.
ARTICLE III — PERIOD OF PERFORMANCE

1. The period of performance for this federal award is January 30, 2018 to January 30, 2021.

2. A non-Federal entity, as explained in 2 C.F.R. § 200.309, may charge to a federal award only allowable costs incurred during the period of performance (except as described in 2 C.F.R. § 200.461) and any costs incurred before FEMA made the federal award or the pass-through entity makes a subaward that were authorized by FEMA or the pass-through entity.

3. The Recipient must submit any request to extend the period of performance at least 60 days before the expiration of the period of performance. The request must be in writing and must contain the justification detailed in the Hazard Mitigation Assistance Unified Guidance, Part VI, ¶D.4.1, which includes a written explanation of the reasons for the delay, an outline of remaining funds available to support the extended period of performance, and a description of performance measures necessary to complete the activity. FEMA will not process an extension request without justification and the decision to approve any extension request is committed entirely to FEMA’s discretion. In order for FEMA to consider a request, the Recipient’s performance and financial reports must be current.

4. FEMA will not approve extensions to the period of performance for delays caused by the lack of nonfederal match funding.

ARTICLE IV — ACCEPTANCE OF POST-AWARD CHANGES

In the event FEMA determines that changes are necessary to the award document after an award has been made, including changes to period of performance or terms and conditions, the Recipient will be notified of the changes in writing. Once notification has been made, any subsequent request or drawdown for funds will indicate recipient acceptance of the changes to the federal award.

ARTICLE V — PRIOR APPROVAL FOR MODIFICATION OF BUDGET OR SCOPE

1. The Recipient will request prior written approval from FEMA where required by 2 C.F.R. § 200.308 before making any change to the approved budget for the federal award. In addition, the Recipient will inform FEMA, as early as possible, when it estimates that it will not utilize the entire amount of the federal award and have excess funds at the end of the period of performance.

2. The Recipient may request a change in the scope of work after FEMA approves the federal award so long as the new scope does not change the nature or total project cost of the activity, properties identified in any subapplication, the feasibility and effectiveness of the project, or the benefit cost ratio. Any requests for a change in the scope of work must be supported by adequate justification, to include a description of the proposed change, a written explanation of the reason or reasons for the change, an outline of
remaining funds available to support the change, and a full description of the work necessary to complete activity.

3. The approval of any changes to scope or budget are entirely committed to FEMA’s discretion.

ARTICLE VI — DISPOSITION OF EQUIPMENT AND SUPPLIES UNDER THE FEDERAL AWARD

The Recipient will comply with the regulations at 2 C.F.R. §§ 200.313 and 314 concerning the use, management, and disposition of equipment and supplies acquired under the federal award. This includes, among other things, the requirement for the Recipient to seek disposition instructions from FEMA concerning original and replacement equipment.

ARTICLE VII — DUPLICATION OF BENEFITS AND PROGRAM

1. Duplication of Benefits

   a. PDM funds cannot duplicate funds received by or available to a non-Federal entity from other sources for the same purpose. Examples of other sources include insurance claims, other assistance programs (including previous project or planning grants and subawards from a FEMA hazard mitigation assistance program), legal awards, or other benefits associated with properties or damage that are or could be the subject of litigation.

   b. Because the availability of other sources of mitigation grant or loan assistance is subject to available information and the means of each individual Applicant, FEMA does not require that property owners seek assistance from other sources (with the exception of insurance). However, it is the responsibility of the property owner to report other benefits received, any applications for other assistance, the availability of insurance proceeds, or the potential for other compensation, such as from pending legal claims for damage relating to the property.

   c. Where a property owner has an insurance policy covering any loss to the property that relates to a proposed PDM project, the means are available for receiving compensation for a loss or, in the case of increased cost of compliance, assistance toward a mitigation project. FEMA will generally require that the property owner file a claim prior to the receipt of PDM funds.

   d. The Hazard Mitigation Assistance Unified Guidance, Part III, § D.5 provides more detailed requirements concerning duplication of benefits.

2. Duplication of Programs

   a. FEMA will not provide financial assistance under a PDM federal award for activities for which it determines the more specific or primary authority lies with
another federal agency, and FEMA may disallow or recover federal funding used to duplicate those other authorities.

b. The Hazard Mitigation Assistance Unified Guidance, Part III, § D.4 provides more detailed requirements concerning duplication of programs.

ARTICLE VIII—PDM NOTICE OF FUNDING OPPORTUNITY

3. For non-Federal entities other than states, payment methods must minimize the time elapsing between the transfer of funds from the pass-through entity and the disbursement
by the non-Federal entity whether the payment is made by electronic funds transfer, or issuance or redemption of checks, warrants, or payment by other means and meet all other requirements of 2 C.F.R. § 200.305(b).

5. The Recipient must adhere to all conditions and instructions in the Record of Environmental Consideration and Environmental Assessment for the federal award.
