Disparity Impact Statement (DIS) By <u>05/30/2023</u>, submit via eRA Commons a completed <u>SAMHSA DIS Worksheet</u>.

Please refer to the <u>Special Conditions of Awards for Behavioral Health Disparity Impact</u> Statement (DIS) website for the most up-to-date DIS worksheet and resources.

SAMHSA's Behavioral Health Disparity Impact Statement (DIS) is a data-driven, quality improvement approach to advance equity for all, and to identify racial, ethnic, sexual and gender minority, and rural populations at highest risk for experiencing behavioral health disparities as part of their grant projects. The purpose of the DIS is for recipients to identify and address health disparities and to develop and implement an action plan with a disparity reduction quality improvement process to close the identified gap(s). The aim is to achieve targeted behavioral health equity for disparate populations and improve systems.

Recipients are expected to use the DIS Worksheet that can be found at https://www.samhsa.gov/grants/grants-management/disparity-impact-statement. This website also contains DIS resources for recipients to use when developing, monitoring, and reporting on DIS.

The main components of the DIS are:

- o Identify and describe the scope of the problem (i.e., behavioral health disparity) related to the grant program and the population(s) of focus that experience disparate access, use, and outcomes. Identify data sources that will be used to inform the DIS (this should be in alignment with the information provided in your application). Complete a table that includes this information at the individual/client, organizational or systemic level as it relates to the grant data collection requirements: NOMS, IPP, or both in relation to access, use, and outcomes.
- o Identify Social Determinants of Health (SDOH) domain(s) that your organization will work to address and improve for the identified population(s) of focus using the Notice of Funding Opportunity (NOFO). Visit Healthy People 2030 for more information on the five (5) domains. Using the Behavioral Health Implementation Guide, identify CLAS standards that your organization plans to meet, expand, or improve through this grant opportunity. Review the Behavioral Health Implementation Guide for full explanations of the overarching themes and 15 CLAS Standards with behavioral health related samples, strategies, and examples.
- Develop and implement a disparity reducing quality improvement action plan to

address the behavioral health disparity(ies) experienced by underserved population differences based on the GPRA data on access, use and outcomes of activities. The plan should include the activities (using SMART goals and objectives) that will be implemented to address disparities, the intended impact, timeline, client/peer/partner involvement, measurement, evaluation, and sustainability. Ensure documentation of the processes, progress, and outcomes on how the identified behavioral health disparity(ies) have improved. SMART goals and objectives are as follows:

- Specific (simple sensible, significant);
- Measurable (meaningful, motivating);
- Achievable (agreed, attainable);
- o Relevant (reasonable, realistic and resourced, results-based);
- Time bound (time-based, time limited, time/cost limited, timely, time-sensitive).

Recipients are expected to provide at a minimum, an annual update on the disparity impact statement (e.g. what worked, what did not work, what modifications were made) as part of the programmatic progress reports per the NOFO.

All responses to award terms and conditions must be submitted as .pdf documents in eRA Commons. For more information on how to respond to tracked terms and conditions please refer to https://www.samhsa.gov/grants/grants-training-materials under heading How to Respond to Terms and Conditions. SPARS

CCBHC Planning grant recipients are required to collect and report certain data so that SAMHSA can meet its obligation under the Government Performance and Results Act (GPRA) Modernization Act of 2010. These data are gathered using SAMHSA's Performance and Accountability Reporting System (SPARS). CCBHC Planning grant recipients are required to: (1) complete Annual Goals training and enter annual goals data into SPARS by June 30, 2023; and (2) begin collecting and reporting data into SPARS in the 4th quarter (July - September 2023). SPARS training and technical assistance will be provided post award.

CCBHC Funding Limitations Term

The following funding restrictions apply for this program:

 No more than 20 percent of the total award for the budget period may be used for data collection, performance measurement, and performance assessment.

Risk Assessment

The Office of Financial Advisory Services (OFAS), SAMHSA may perform an administrative review of your organization's financial management systems, policies, procedures and records. If the review discloses material weaknesses or other financial management concerns, grant funding may be restricted in accordance with <u>45 CFR 75/2 CFR 200</u>, as applicable. The restriction will affect your organization's ability to withdraw funds from the Payment Management System account, until the concerns are addressed.

SPECIAL CONDITIONS

CCBHC - Additional Documentation Required

Recipients are required to provide a detailed breakdown and justification to demonstrate whether the costs requested are reasonable, allowable, and necessary for the achievement of the goals and objectives of this grant. Recipients must include the items' descriptions, quantities, and unit costs for every line item requested under each budget category to show how any lump sum estimates were calculated.

By **April 30, 2023**, please submit a revised budget via eRA Commons terms tracker breaking down each item of cost and providing additional justification in the narrative section:

- 1) Contractual Technical Assistance Consultants to State and Providers (\$1,000,000): Please provide a breakdown of each cost included in this consultancy. If you will contract several organizations, please separate these costs accordingly and use the check function in the SAMHSA budget template to add any applicable budget categories as well as a justification under each cost to help SAMHSA assess the reasonableness of your request. Please also ensure to identify the funding mechanism as either subcontract/subaward or consultancy as applicable. If any of these costs are one-time fees, please reallocate them to the "other" budget category and provide details under the narrative justification
- **2) Funding Limitations/Restrictions:** Please complete the Funding Limitations section of the budget considering "No more than 20% of the total award for the budget period may be used for data collection, performance measurement, and performance assessment activities required". Please include each applicable item of cost under the appropriate budget category so when added, the total of such costs remains under 20%.

All responses to award terms and conditions must be submitted as .pdf documents in eRA Commons. For more information on how to respond to tracked terms and conditions please refer to https://www.samhsa.gov/grants/grants-training-materials under heading How to Respond to Terms and Conditions.

STANDARD TERMS AND CONDITIONS

BSCA Standard Terms for Awards

Your organization must comply with the Standard Terms and Conditions for the Fiscal Year in which your grant was awarded. The Fiscal Year for your award is identified on Page 3 of your Notice of Award. SAMHSA's Terms and Conditions Webpage is located at: https://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions.

Reasonable Costs for consideration

Recipients must exercise proper stewardship over Federal funds and ensure that costs charged to awards are allowable, allocable, reasonable, necessary, and consistently applied regardless of the source of funds according to "Reasonable Costs" consideration per 2 CFR § 200.404 and the "Factors affecting allowability of costs" per 2 CFR § 200.403. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.

Consistent Treatment of Costs

Recipients must treat costs consistently across all federal and non-federal grants, projects and cost centers. Recipients may not direct-charge federal grants for costs typically considered indirect in nature, unless done consistently. If part of the indirect cost rate, then it may not also be charged as a direct cost. *Examples of indirect costs include (administrative salaries, rent,*

accounting fees, utilities, office supplies, etc.). If typical indirect cost categories are included in the budget as direct costs, it is SAMHSA's understanding that your organization has developed a cost accounting system adequate to justify the direct charges and to avoid an unfair allocation of these costs to the federal government. Also, note that all awards are subject to later review in accordance with the requirements

of <u>45 CFR 75.364</u>, <u>45 CFR 75.371</u>, <u>45 CFR 75.386</u> and <u>45 CFR Part 75</u>, <u>Subpart F</u>, <u>Audit Requirements</u>.

Compliance with Award Terms and Conditions

FAILURE TO COMPLY WITH THE ABOVE STATED TERMS AND CONDITIONS MAY RESULT IN ACTIONS IN ACCORDANCE WITH 45 CFR 75.371, REMEDIES FOR NON-COMPLIANCE AND 45 CFR 75.372 TERMINATION. THIS MAY INCLUDE WITHHOLDING PAYMENT, DISALLOWANCE OF COSTS, SUSPENSION AND DEBARMENT, TERMINATION OF THIS AWARD, OR DENIAL OF FUTURE FUNDING.

All previous terms and conditions remain in effect until specifically approved and removed by the Grants Management Officer.

Annual Federal Financial Report (FFR or SF-425)

All financial reporting for recipients of Health and Human Services (HHS) grants and cooperative agreements has been consolidated through a single point of entry, which has been identified as the Payment Management System (PMS). The Federal Financial Report (FFR or SF-425) initiative ensures all financial data is reported consistently through one source; shares reconciled financial data to the HHS grants management systems; assists with the timely financial monitoring and grant closeout; and reduces expired award payments.

The FFR is required on an annual basis no later than 90 days after the end of each Budget Period. The FFR should reflect cumulative amounts. Additional guidance to complete the FFR can be found at http://www.samhsa.gov/grants/grants-management/reporting-requirements.

SAMHSA reserves the right to request more frequent submissions of FFRs. If so, the additional submission dates will be shown below.

Your organization is required to submit an FFR for this grant funding as follows:

- o By June 29, 2023 submit the Federal Financial Report (FFR)/(SF-425).
- The grant recipient staff member(s) responsible for FFR preparation, certification and submission of the FFR must either submit a request for New User Access or Update User Access to the FFR Module as applicable. Refer to the PMS User Access website https://pms.psc.gov/grant-recipients/user-access.html for information on how to submit a New User Access, Update User Access or Deactivate User Access. You can also view PMS' Video on how to request new user access @ https://youtu.be/kdoqaXfiul0 and PDF resource with instructions on Requesting Access @ https://pms.psc.gov/forms/New-User-Request Grantee.pdf
- Instructions on how to submit a FFR via PMS are available
 at https://pmsapp.psc.gov/pms/app/help/ffr/ffr-grantee-instructions.html (The
 user must be logged in to PMS to access the link). Updates to the FFR instructions
 effective 4/1/2022 are also available @ https://pms.psc.gov/grant-recipients/ffr-updates.html
- While recipients must submit the FFR in PMS, the FFR can also be accessed by connecting seamlessly from the eRA Commons to PMS by clicking the "Manage FFR" link on the "Search for Federal Financial Report (FFR)" page in eRA Commons, which will redirect to PMS. SAMHSA will not accept FFRs submitted by email or uploaded as an attachment into eRA. To access the "Manage FFR" link in eRA Commons, the individual must be registered in eRA Commons and assigned the Financial Status Reporter (FSR) role for their organization. The individual assigned the FSR role is responsible for reporting the statement of grant expenditures for their organization. Refer to the Managing User Accounts: Add or Remove Roles, Unaffiliate Account document for instructions on how to assign

a the FSR role.

If you have questions about how to set up a PMS account for your organization, please contact the PMS Help Desk at PMSSupport@psc.hhs.gov or 1-877-614-5533. Note: Recipients will use PMS to report all financial expenditures, as well as to drawdown funds; SAMHSA recipients will continue to use the eRA Commons for all other grant-related matters including submitting progress reports, requesting postaward amendments, and accessing grant documents such as the Notice of Award.

Closeout Requirements - Discretionary Grants

Recipients must complete all actions required for closeout to include:

- Liquidate all obligations incurred under the award. All payment requests must be submitted before the end of the (120) days post-award reconciliation/liquidation period.
- o Reconcile financial expenditures to the reported total disbursements and charges in PMS.
- Return any funds due to PMS as a result of refunds, corrections, or audits. Refer the following link for additional guidance https://pms.psc.gov/grant-recipients/returning-funds-interest.html

Recipients must close the award in accordance with 2 CFR 200.344 Closeout and the terms and conditions listed in the grant notice of award. Recipients must liquidate all obligations incurred under an award not later than one hundred twenty (120) days after the end of awards obligation and project period. After one hundred twenty (120) days, PMS account is automatically locked. SAMHSA does not approve payment requests after one hundred twenty (120) days postaward reconciliation/liquidation period. Therefore, recipients are expected to complete all expenditure requests within the approved project period and the aforementioned 120-day postaward reconciliation/liquidation period. Recipients late withdrawal requests occurring after the aforementioned periods will be denied. Final reports are due to SAMHSA no later than 120 days after the end of the project period. Final reports include:

- o Submit via PMS the Final Federal Financial Report (Final FFR, SF-425) (PDF | 1.2 MB).
- o Submit in eRA Commons the Final Progress Report (FPR) or other reports required by the terms and conditions of the award.
- Submit in eRA Commons a Tangible Personal Property Report (TPPR SF-428, SF428B & if needed additional forms from SF428 series) to account for any property acquired with federal funds or indicate on the form that you have no property to report.

Failure to complete the closeout actions in 120 days after the project period end may result in a unilateral closeout of the grant by SAMHSA. This may affect future funding of federal programs and result in the reimbursement of funding to SAMHSA. If the recipient does not submit all reports satisfactorily in accordance with 2 CFR 200.344 SAMHSA will report the recipients material failure to comply with the terms and conditions of the award with the OMB-designated integrity and performance system (currently FAPIIS). Federal awarding agencies may also pursue other enforcement actions per 2 CFR 200.339. Refer to the following SAMHSA for Closeout Standard Terms and Conditions https://www.samhsa.gov/grants/grants-management/grant-closeout. Additional information on closeout is available at https://www.samhsa.gov/grants/grants-management/grant-closeout.

Clinic (CCBHC) Planning Grant

DATE: May 24, 2023

DMH is requesting an expedited review for this grant. Because this is a 1-year grant that was to begin in March 2023, the timeline is extremely tight. This will require a substantial amount of work, and the deadline for the first deliverable has passed. In an effort to meet future deadlines, DMH is requesting this expedited review.

Thank you for your consideration.
