

STATE OF VERMONT JOINT FISCAL OFFICE

MEMORANDUM

To:

Joint Fiscal Committee members

From:

Daniel Dickerson, Fiscal Analyst

Date:

October 29, 2019

Subject:

Grant Request - JFO #2979

Enclosed please find one (1) item, which the Joint Fiscal Office has received from the Administration.

JFO #2979 – \$440,955 from the U.S. Centers for Disease Control and Prevention (CDC) to the VT Dept. of Health (VDH). The Department will utilize the funding to conduct a three-year study of emergency department visits related to nonfatal self-inflicted injuries. VDH will analyze this data and disseminate trends to key stakeholders in order to aid the development of targeted suicide prevention strategies. Successes in utilizing the data to prevent suicides and suicidal behavior will be communicated by VDH to State and Federal partners for development of best practices. VDH is requesting one (1) limited-service position, titled Public Health Analyst II, to carry out the grant activities. Of the total grant funding, VDH is seeking \$146,985 in spending authority for FY20, with the remainder of grant funds to be included in future departmental budget requests.

[JFO received 10/23/19]

Please review the enclosed materials and notify the Joint Fiscal Office (Daniel Dickerson at (802) 828-2472; ddickerson@leg.state.vt.us) if you have questions or would like an item held for legislative review. Unless we hear from you to the contrary by November 12, 2019 we will assume that you agree to consider as final the Governor's acceptance of these requests.

PHONE: (802) 828-2295

FAX: (802) 828-2483

STATE OF VERMONT REQUEST FOR GRANT (*) ACCEPTANCE (Form AA-1)

Emergency Department Surveillance of Nonfatal Suicide-Related Outcomes CDC-RFA-CE19-1906

Project Abstract Summary

In 2018, Vermont hospitals had more than 4000 emergency department visits due to self- directed violence and in 2017 111 Vermont lives were lost due to Suicide. While the total number of emergency department visits and suicide deaths in Vermont may be small compared to more populous states, over the past decade Vermont has consistently had higher rates of suicide related morbidity and mortality compared to the US. The Vermont Department of Health (VDH) is applying to participate in the Emergency Department Surveillance of Nonfatal Suicide-Related Outcomes (ED-SNSRO) Pilot with the goal of reducing suicide related outcomes in Vermont through the distribution of timely syndromic surveillance data.

Purpose: The purpose of the Vermont Emergency Department Surveillance of Nonfatal Suicide- Related Outcomes (VT ED-SNSRO) would be to analyze, validate and disseminate timely and accurate self-directed violence syndromic surveillance data. Data collected from Vermont emergency departments through the Electronic Surveillance System for Early Notification of Community-based Epidemics (ESSENCE) will be analyzed by state, sub-state, and demographic levels, mapped, and distributed quarterly for the purposes of targeting self-directed and suicide prevention activities.

Outcomes: To produce timely information on trends in nonfatal suicide-related outcomes and distribute the information to key stakeholders through reports, maps and regular meetings. Stakeholders will use the provided syndromic surveillance data to target suicide prevention activities to populations and demographics in Vermont experiencing higher rates of self- directed morbidity. Finally, successful use of self-directed violence syndromic surveillance data will be captured and shared within the state and with national partners so that best practices are widely available.

Activities: VDH will engage in two primary strategies to achieve the timely analysis and dissemination of self-directed violence syndromic surveillance data. These strategies include accessing ESSENCE to improve timeliness of self-directed violence data to by tracking and producing quarterly and alert-based reporting on aggregate suicide-related outcomes; and disseminating suicide-related outcome findings to Vermont's stakeholders positioned to implement or adjust suicide prevention strategies based on the syndromic surveillance findings.

VDH foresees no barriers in successful implementation of VT ED-SNSRO. The injury epidemiology unit and ESSENCE are co-located within VDH, Health Surveillance. As a result, access to data and collaboration on quality improvement are straightforward. The readiness of suicide prevention organizations and workgroups provide an idea structure for data dissemination and data-driven prevention activities. Additionally, the proposed staff for this grant opportunity are experienced in analyzing and distributing timely ESSENCE data for injury-related surveillance.

Response to NOFO#: CDC-RFA-CE19-1906

Vermont's Emergency Department Surveillance of Nonfatal Suicide-Related Outcomes (VT ED-SNSRO) REVISED Budget Narrative – as of September 2019

The State of Vermont requests a total of \$146,985 for the budget period September 1, 2019 through August 31, 2020. This funding request includes monies to support a Public Health Analyst and the Syndromic Surveillance Coordinator. Below is more specific justification for the budget monies requested.

Year 1 Budget Period September 1, 2019 – August 31, 2020:

The State of Vermont requests a total of \$146,985 for the budget period September 1, 2019 through August 31, 2020. This funding request includes monies for a full-time Public Health Analyst II (PHA II, the Program Manager) who will also be responsible for GIS analysis of the data and 0.16 FTE funding toward the Syndromic Surveillance Coordinator who manages the ESSENCE data. The budget also includes funding for the purchase of one computer for the full-time analyst. VDH will provide the other statistical software licensing and other incidentals. Below is the specific justification for the funds requested.

A. Personnel (Salaries and Wages) (\$70,260): Money is requested to fund the VT ED-SNSRO Program Manager (1.0 FTE, PHA II) and for the Syndromic Surveillance Coordinator (0.16 FTE). The Program Manager will serve as the supervisor of day-to-day operations for the VT ED-SNSRO, tracking the main indicators, validating the definitions, collating the data for the CDC, developing the data dissemination plan, sharing data with suicide prevention stakeholders in VT, providing TA to partners on utilizing data to improve programs, produce data products and disseminate data. The Syndromic Surveillance Coordinator will manage VT's ESSENCE data and provide the Program Manager with the data necessary to complete the work of this agreement.

[NOTE: The Syndromic Surveillance Program was offered the full \$75,000 required by the NOFO and declined the full amount due to multiple current and upcoming funding sources being available to support the Syndromic Surveillance Staff.]

Position Title and Name: Public Health Analyst II, TBD (Program Manager)

Annual Salary \$60,195

Time 1.0 FTE (100%)

Months: 12 Months

Amount Requested \$60,195

Position Title and Name: Syndromic Surveillance Coordinator, Veronica Fialkowski

Annual Salary: \$61,298

Time 0.16 FTE (16%)

Months: 12 Months

Amount Requested: \$10,065

These two positions will be responsible for all work related to the VT ED-SNSRO.

B. Fringe Benefits (\$28,104): The State of Vermont uses a 40% rate to calculate fringe. This translates into \$28,104 based on the salary noted above.

C. Consultant Costs: Not applicable.

D. Equipment: Not applicable.

E. Supplies (\$1,200): Money is requested to purchase one new computer.

F: Travel (\$2,456): As per the NOFO requirements, money is requested for the Program Manager and the Syndromic Surveillance Coordinator to attend the required meeting or reverse site visit. Costs to travel for this are estimated at \$1,228 per person (Airfare (\$550), Lodging (\$450, 3 nights @ \$150/night), Per Diem (\$128, 4 days @ \$32/day), Ground Transport (\$100).

G. Other: Not Applicable.

H. Contractual Costs: Not Applicable.
Total Direct Costs (sum of A-H): \$102,020

J. Indirect Costs (\$44,965): The Vermont Department of Health uses a Cost Allocation Plan, not an indirect rate. The Vermont Department of Health is a department of the Vermont Agency of Human Services, a public assistance agency, which uses a Cost Allocation Plan in lieu of an indirect rate agreement as authorized by OMB Circular A-87, Attachment D. This Cost Allocation Plan was approved by the US Department of Health and Human Services effective October 1, 1987. A copy of the most recent approval letter is attached. The Cost Allocation Plan summarizes actual, allowable costs incurred in the operation of the program. These costs include items which are often shown as direct costs, such as telephone and general office supply expenses, as well as items which are often included in an indirect rate, such as the cost of office space and administrative salaries. These costs are allocated to the program based on the salaries and wages paid in the program. Because these are actual costs, unlike an Indirect Cost Rate, these costs will vary from quarter to quarter and cannot be fixed as a rate. Based on costs allocated to similar programs during recent quarters, we would currently estimate these allocated costs at 64% of the direct salary line item, yielding a total cost of \$44,965 for the period.

Budget Summary:	Total
A. Salaries and Wages	\$70,260
B. Fringe Benefits	\$28,104
C. Consultant Costs	
D. Equipment	
E. Supplies	\$1,200
F. Travel to Meeting/RSV	\$2,456
G. Other – SAS license, etc.	
H. Contractual Costs	
I. Total Direct Costs (sum A-H)	\$102,020
j. Indirect Costs	\$44,965
k. TOTAL (sum of i and j)	\$146,985

STATE OF VERMONT Joint Fiscal Committee Review Limited Service - Grant Funded Position Request Form

This form is to be used by agencies and departments when additional grant funded positions are being requested. Review and approval by the Department of Human Resources <u>must</u> be obtained <u>prior to</u> review by the Department of Finance and Management. The Department of Finance will forward requests to the Joint Fiscal Office for JFC review. A Request for Classification Review Form (RFR) and an updated organizational chart showing to whom the new position(s) would report <u>must</u> be attached to this form. Please attach additional pages as necessary to provide enough detail.
